

ASH Clearinghouse Trading Partner List.

For further assistance please contact ASH Clearinghouse at 619-557-2218

Clearinghouses We Work With

The ASH Clearinghouse currently **has** a Trading Partner Agreement with the clearinghouses listed below. Though the ASH Clearinghouse has a Trading Partner Agreement with these clearinghouses, they must first complete a **Testing** Process before going into the **Production** phase.

The ASH Clearinghouse can only accept claims from Clearinghouses that have completed **Testing and are in the **Production** phase.**

In Production

Clearinghouses We Do NOT Work With

The ASH Clearinghouse is currently **unable** to accept claims from the following clearinghouses:

- Emdeon

ASH Clearinghouse has received and evaluated pricing information from Emdeon. At this time, ASH Clearinghouse will not engage in business with Emdeon as we see the relationship as cost prohibitive.

We currently offer alternative batch transaction functionality that is free to our provider network and absent of fees to ASH Clearinghouse.

- Electronic Network Systems (ENS)

ASH Clearinghouse does not have a direct Trading Partner relationship with ENS but we accept claims originating from them through any of the Production Clearinghouses.

If the provider uses one of these clearinghouses, please see [Batch E-Claims](#).

[back to top](#)

Clearinghouses Not Listed Above

If a Provider wishes to submit claims through any other clearinghouse, the Provider must contact that clearinghouse. He should ask the clearinghouse to contact the ASH Clearinghouse to discuss terms of the Trading Partner Agreement and a testing schedule. Unfortunately, the ASH Clearinghouse is unable to contact vendors for a Provider.

The ASH Clearinghouse will always try their best reach an agreement with any clearinghouse that contacts us.

The clearinghouses may contact via email *TBD*.
